

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

NEW HAMPSHIRE.**Water Supplies—Regulations for the Protection of Walker Pond. (Reg. Bd. of H., July 9, 1914.)**

1. No privy, pigpen, stable, or other building or structure in which horses, cattle, swine, or other animals or fowls are kept, shall be built, continued, or maintained within 75 feet of Walker Pond (meaning high-water mark), or within 75 feet of any bay, cove, or inlet thereto, or within 75 feet of any stream tributary to said pond, bays, coves, or inlets, except in such cases as the local board of health may permit, upon the approval of the State board of health, and under such regulations as they may require.

2. No sink water, urine, or water that has been used for washing or cleansing either materials, person, or food, shall be allowed to run into said pond, or into any bay, cove, or inlet thereof, or into any stream tributary thereto, or into any excavation or cesspool in the ground or on the surface of any ground within 75 feet of said pond (meaning high-water mark), or of any bay, cove, or inlet, or within 75 feet of any stream tributary thereto, except by consent and under such regulations and conditions as may be given by the local board of health, upon approval of the State board of health.

3. No dead animal, or fish, or parts thereof, or food, or any article perishable or decayable, and no dung, either human or animal, kitchen waste, swill, or garbage shall be thrown into or deposited in said pond, or left or permitted to remain within 75 feet thereof (meaning high-water mark), or into any bay, cove, or inlet of said pond, or into any stream tributary thereto, or within 75 feet of such bay, cove, or inlet, stream, or tributary.

4. No sawdust shall be thrown or be allowed to fall into said pond, or into any stream tributary thereto.

5. No person shall bathe in said pond.

6. No matter, waste, or materials such as are described in sections 2, 3, and 4 shall be thrown, deposited, or allowed to remain upon the ice of the waters of said pond, or upon that of any bay, cove, or inlet thereof, or of any stream tributary thereto.

7. It is the duty of the local board of health to enforce the above regulations, and any person violating any regulation established by the State board of health shall be punished by a fine of \$20 for each offense. Any deviations from the above rules must be by written consent of the State board of health.

Water Supplies—Regulations for the Protection of Beaver Lake. (Reg. Bd. of H., July 9, 1914.)

1. No sewage of any kind, sink water, or water that has been used in washing or cleansing either materials, person, or food, shall be allowed to run into Beaver Lake, in the town of Derry, or into any stream tributary thereto. All excavations made for cesspools for sewage shall be so located or constructed that their contents will not in any manner pollute the said lake or its tributaries.

2. No privy, pigpen, cesspool, or place of deposit upon the surface of the ground for sewage, sink water, or water used for cleansing person or material shall be allowed to exist where it may be reached by high water in the event that the said lake or its tributaries overflow their usual channels, or where rain or melting snow would be likely to wash said material into said lake or its tributaries.

3. No dead animal, or parts thereof, or any article perishable or decayable, and no sewage, waste, or garbage shall be deposited so near said lake or its tributaries as to endanger the purity of the water.

4. None of these things, materials, or conditions mentioned in the foregoing regulations, or anything else that might endanger the purity of the said water or ice supply, shall be permitted to exist in such locality or manner as, in the opinion of the board of health, would be liable to contaminate the water or ice of the said lake or its tributaries.

5. It shall be the duty of the board of health to enforce these regulations, which shall take effect and be in force on and after August 1, 1914.
